What is Gypsy Paws all about?

Gypsy Paws is a doggie daycare and non-traditional boarding facility that promotes happy healthy dogs. Gypsy Paws is different from old fashion boarding facilities; no longer will your dog come home stressed, under-exercised and anxious. While at Gypsy Paws for day-play or sleepovers, your pup gets to meet new friends, run, jump, play and enjoy a good story at naptime.

Gypsy Paws offers several indoor and outdoor areas for play, rest and loving attention from attendants who are present and engaging with the pooches at all times. Your beloved pup will go home happy and calm; no longer will you have to worry about chewed furniture, shoes or accidents!

Only Gypsy Paws provides quality day-play and boarding with unconditional love!

Why your dog should attend daycare?

"...dogs are very social animals, and daycare allows them the opportunity to be with people and other dogs while their owners are at work."

"Daycare can help dogs become better socialized and minimize improper behavior."

"Daycare can teach dogs social skills, such as how to interact with other dogs-and humans, too."

"Daycare allows dogs an opportunity to burn energy so that they are quiet, calm, and better behaved when they get home."

"The staff and facilities are wonderful. Coach has been visiting Gypsy Paws for over 2 years and we wouldn't take him anywhere else."
